

# *'Parker'*

7/11/1991—9/29/2007

*Ch Seaspell's Spider Phaeton, SC, CQC, Delta Pet Partner*

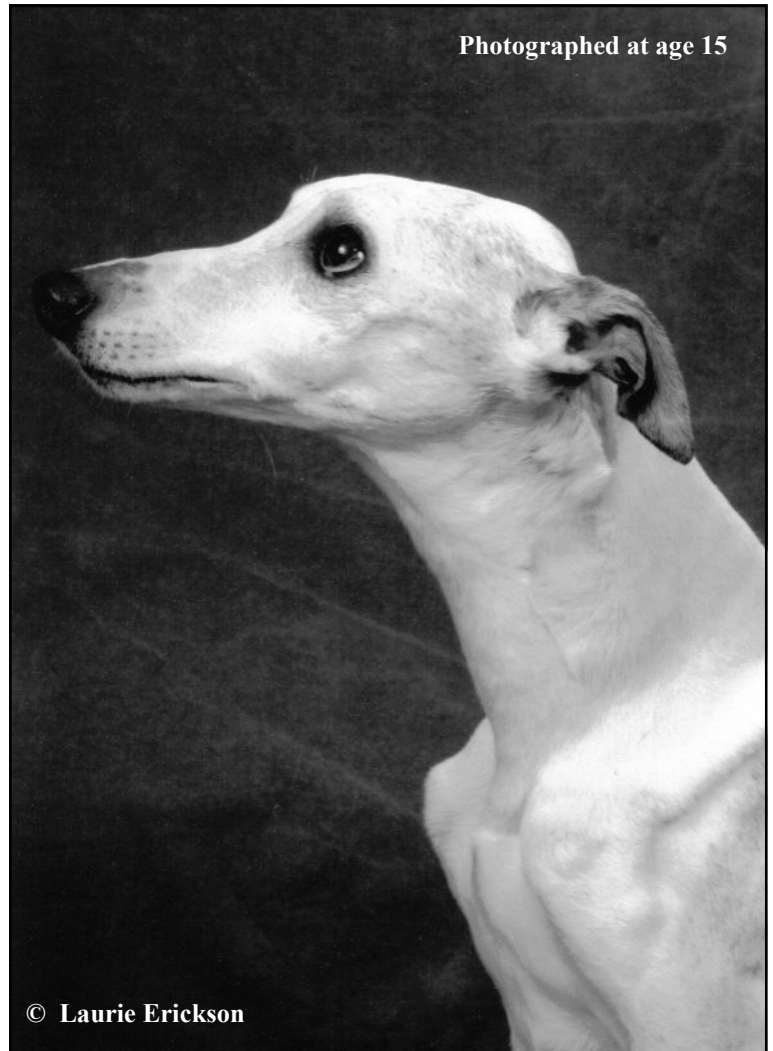

*Thank you Pat Taylor for letting Parker  
become part of my life back in 1997.  
Thank you Karen Roberson for telling  
me to take him out lure coursing.*

*Parker started running by earning his IC  
when he was 8 years old and the sound  
of that lure motor was the only thing that  
ever got him really excited. How fitting  
that he should lay down for an after-  
noon nap at a lure coursing trial and not  
wake up.*

*He lives on in his Great-great-  
grandchildren, including Ripley and  
Derby (The Jaytea Boys)*

*You've taken a big piece of my heart and  
I'll never be the same*

*Fly free old man*
